

360 Big European Solar Tour - eTwinning project 2019/20

I hate all Xenovians

Your Mum stinks, I bet she eats slime for breakfast

Welcome. When are you leaving?

You do not even speak our language

Xenovia has landed on planet Venus in the Big European galaxy. Her friend Xorg had already told her that she would not always feel well because of what she might find on her social media account.

Is your family as ugly as you?

Why don't you stick to your kind?!

I hope you'll get ill and die

It's aliens like you that ruin our planet

OMG! You are green and that's GROSS!

**Can you help Xenovia and turn the hateful
messages into something kind?
Nobody needs hate speech!**

Fill the speech bubbles in the following slides with your messages. If you want to, you can add a small flag of your country to the bubble.

Thank you. Team 2-Venus, Hildburghausen DE

You are green,
that's so cool.

The green
colour looks
good

Where are you
from?

Tell me
something
about your
planet.

You look so pretty!
:))

Is your family
here too?

2-Hildburghausen DE

Open arms...
ready for a hug?

(Petroupoli)

We love your
smile! Keep it
under any
circumstances!

(Petroupoli)

You inspire
me!

(Agiastos)

Why don't you stay
a little bit
longer? You are so
interesting!

You are an
important part of
universe!

I'd love to meet
your family! Are
they
coming?

I know that your mother is an amazing chef! Does she cook something special for breakfast?

I would love to learn about your culture!

Liceo De Bottis

Thanks to aliens like you that this planet is better

Can you teach me your language? I love it!

Welcome! Thank you for choosing our country

Each person is special in his own way and it has its own zest. Let's teach each other of our native languages to communicate!

8 -Lozova, UKR Lilia

Don't leave us!!! Because we want to show you our country and it takes a lot of time

8-Lozova, UKR Maria

You don't speak our language and it's OK. We can speak English or we can teach to some Ukrainian words.

NO MATTER WHAT PLANET
YOU ARE FROM,

BE KIND.

We are
all living
under
the same
stars,
and as
the stars
are
diverse
we are.
